

All students will receive a course information email approximately 1 week prior to the course start-date. This email will include information such as required equipment, last-minute changes, and any important information about the facility. Any available course materials will also be attached to this email. Students should print course manuals to bring with them if they would like a printed copy. Otherwise, we recommend the use of a laptop or tablet to view course materials and take notes.

Training dates for the second semester (July – December) will be published once the schedule for the UNG Forsyth Academy is finalized.
