GOALS

Goal 1: Strengthen our learning environments:

- Objective 1.1: Collect and preserve physical and virtual resources central to learning and scholarship
- Objective 1.2: Provide varied and flexible spaces that successfully integrate technologies, collections, and services
- Objective 1.3: Offer general and targeted research assistance that utilizes proven and cutting edge methods, technologies, and pedagogical strategies
- Objective 1.4: Develop and maintain a web presence with straightforward access to information and services

Goal 2: Partner with our diverse communities:

- Objective 2.1: Enrich and enhance library services and collections to meet the needs of campus departments and organizations
- Objective 2.2: Pursue creative collaborations with faculty that introduce, develop, and improve student information literacy skills
- Objective 2.3: Identify meaningful opportunities for community engagement and public programming

Goal 3: Cultivate a positive and effective work environment within and across campuses:

- Objective 3.1: Nurture and retain knowledgeable and service-oriented library faculty and staff
- Objective 3.2: Lead, manage, and perform with consistency, fairness, respect, and clarity of expectations
- Objective 3.3: Ensure continuing and appropriate opportunities for professional development and training
